Note Regarding "Block" Scheduling

Students competing in one of the five Bee events in-person in Orlando (National History Bee, US History Bee, National Science Bee, International Geography Bee, and US Academic Bee) will be assigned to two "Blocks" of preliminary rounds for each event in which the student is registered (playing a total of four preliminary rounds per event).

The National Championship Exams (NCEs) do not require prior qualification, and any student competing at Nationals is welcome to sign up for whichever NCEs they wish to take. We will do our best to accommodate all student registrations for NCEs, though if we cannot accommodate a student's NCE registration, we will issue a refund or allow them to transfer their registration to another NCE. Please do not make any requests regarding block scheduling around the NCEs, we will consider NCE registrations when assigning blocks to accommodate as many registrations as we are able.

Saturday, June 18, 2022
